

## **GENERAL PURPOSES & ADVISORY COMMITTEE**

The Guernsey Renewable Energy Commission  
has published a report on the

### **REGIONAL ENVIRONMENTAL ASSESSMENT of MARINE ENERGY**

The study has been undertaken to provide a strategic assessment of the potential effects that marine renewable energy devices (wave & tidal) will have on the environment of Guernsey, Herm and Sark

This draft for consultation is a Non-Technical Summary  
and is available for downloading at

<http://www.guernseyrenewableenergy.com>

(select Downloads and then the Regional Environmental Assessment of Marine Energy.aspx)

*alternatively*

A hard copy of the whole document is available for  
the public to view at the Committee Offices  
(in the Committee Room, Chasse Murette, Sark)

### **CONSULTATION RUNS UNTIL 10<sup>th</sup> SEPTEMBER**
