### ISLE OF SARK SHIPPING MATTERS

After six hard working years as an Executive Director of Isle of Sark Shipping Company Mrs. Julie Mann has decided that she wishes to move to a non-Executive Director role. Changing circumstances in her life and her health dictate that she spends less time in work.

During her time as an Executive Director Mrs. Mann has been instrumental in many improvements within the Company, as examples, a total overhaul of the IT systems to enable online booking and up to date information through the website ([www.sarkshippingcompany.com](http://www.sarkshippingcompany.com)) putting in place a repair and maintenance programme that has resulted in all the Company's vessels being in excellent condition, as well as updating the operational and office procedures.

Mr. Colin Smith will remain as an Executive Director with particular regard to his continuing input to the Company finances and reporting.

The Shipping Committee of Sark Chief Pleas would like to thank Mrs. Mann for her hard work and unstinting commitment to the Company.

The Committee has decided that this is an ideal time to carry out a review of the Company to see if there are any developments that could further enhance the Island's life-line service. Mr. Yan Milner has been identified to carry out this review (subject to Michaelmas Chief Pleas' approval) over the next 18 months during which time he will also work as Caretaker Manager.
