## Board of Education

The Education Committee is looking to appoint a Board of Education to replace the current Interim Board

The primary role of The Board of Education is to guide the direction of Sark School, to support the children and young people, parents and staff and to identify any possible weakness in the school so as to bring about improvement.

The secondary role of The Board of Education is to monitor and maintain an overview of the care, education and performance of young people educated off the Island, the outcomes of further education and work-based learning for young people; and the impact of Lifelong Learning opportunities for the wider community.

In addition to the ex-officio members of the Board (representatives of the Seigneur, the Church, the Business Community and Parents) the Committee are looking to appoint a representative of the Island's residents.

If you are interested in fulfilling this voluntary role please write to the Education Committee with a brief description of your skills and background and to explain why you feel you would be a good person to fill this role.

Copies of the terms of reference for the Board are available from the Committee Offices and letters of application should be delivered to there by

**Midday on Friday 9th November 2018.**
